

Photo & Logo Information for ID06 Cards

Photo (Higher demands from 1/7-2017)

The Photo on Your ID06 has to meet certain criteras.

- The photograph should have good likeness and depicted straight from the front with whole face visible.
- Both eyes and pupils should be clearly visible and the eyes facing the camera.
- You should not have dark or colored glasses and no reflections in the glasses.
- Headwear such as hat or caps are not allowed.
- The face should be evenly illuminated and the background light without shadows.
- The photograph should be taken from chest height and upwards.

Exemple Photo

Logo

It is optional for companies to have their logo on the ID06 Card.

Important is that the logo has high resolution on the logo. If the logo is sent with poor resolution, it will also be the same on the card.

Suitable format is JPG and GIF, if You have another format, please mail it to us and we will change it for You.

If You have any questions please call us on +46 8-760 93 90 or email us on id06@angeno.se.

Best Regards
